

**LEA Form 14\***

\*This form is required.

**PLAN FOR BUSINESS/INDUSTRY CERTIFICATION AND CONTINUED COMPLIANCE OF PROGRAMS**

Using the following form, list all Career and Technical Education certified teachers on the line with the name of the program in which they teach. Give the official name of school where program is located. List the teacher's name as shown on teaching certificate. In the next column, give the last four (4) digits of their Social Security Number (SSN) for the teacher. Place a check mark in the co-op column if the teacher is a co-op coordinator. In the next column, give the length of the teacher's contract. Check the next column for teachers with less than three years' experience in CTE. If your system has no programs in any one of the areas listed, check **N/A** in the "**Program In Compliance**" column and leave all other columns blank. The Certification of Continued Compliance for each program must be on file and signed by each teacher of the program. For each program in the system, check **Yes** if all Standards/Quality Factors are in compliance. If any program is not in compliance, check **No**; then complete the Corrective Action Plan at the end of this LEA Form 14. For each program, check the **Year to be Certified/Recertified**. Stand-alone (full-time) Cooperative Education teachers are to be listed separately in Area (18) Cooperative Education.

Total # of Programs 6

Total # of Teachers 15

I certify that the previous information is correct for each program. The Certification of Continued Compliance, signed by each teacher of the program, is on file as documentation of program evaluation. Below is the Corrective Action Plan for Quality Factors not in compliance.

System Name \_\_\_\_\_

\_\_\_\_\_ *Local Administrator/Director* *Date Signed*

\_\_\_\_\_ *Local Superintendent* *Date Signed*

On the form below, list each program for which any Quality Factor is not in compliance. List each Quality Factor on a separate line; give the corrective action to be taken to clear each noncompliance and the date the action is to be completed. The DATE COMPLETED column is for SDE use only. SDE will verify completion date and initial in last column.

(Attach separate page(s) as necessary.)

Name of Program	School	Quality Factor(s)	Corrective Action to be Taken	Date to be Completed	DATE COMPLETED (FOR SDE USE ONLY)
